Comments/Recommendations: Enforcement since last FCE Yes No (If yes, attach summary)
Molly Goodman, Jon Bower, Gina Thomas, representatives of Plumstead Twp, and I arrived on site around 11:19 AM to conduct an announced inspection. We met with Kerry Rush and John McShea who showed us to the rendering bin storage area and the former compost area. I noted fairly strong odors within those areas; the odors did not appear to travel beyond those areas. Mr. Rush stated that they are no longer composting or singeing/burning the animal carcasses. Mr. Rush stated they will look into installing a control device to control emissions/smoke from the singeing process should they decide to continue this process in the future. Mr. Rush also stated they no longer conduct open burning.

Compliance Status: In Out Pending Awaiting Co. Report Needs a Follow-Up Inspection? Yes No
