Comments/Recommendations: Enforcement since last FCE Yes No (If yes, attach summary)

I arrived on site at 2:40 PM to conduct an odor complaint inspection. It was 69°F and sunny, and winds were NW at 5 mph. I met with Ephraim Stoltzfus who showed me to the singeing area as I told him I noted burning hair odors upon entering the facility driveway. I observed that singeing was actively taking place. I noted no smoke and I noted burning hair odors. The singeing room has large vents that vent outside. We then went to the back of the facility and I noted three trash bins and the bucket of a small backhoe filled with animal body parts and skins. Mr. Stoltzfus stated that all rendering is placed in a truck throughout the day and taken for offsite.

Compliance Status: In Out Pending Awaiting Co. Report

Needs a Follow-Up Inspection? Yes No

Company Representative: Ephraim Stoltzfus	Title: Owner	Signature: 	Date: 4-16-24
DEP Representative: Jennifer Ramos-Buschmann	Title: AQ Specialist	Signature: Jennifer Ramos-Buschmann	Date/Time: 4/16/24 4:30 JR 4/17/24

This document is official notification that a representative of the Department of Environmental Protection, Air Quality Program, inspected the identified site. The findings of this inspection are shown above and on any attached pages, and may include violations uncovered during the inspection. Violations may also be discovered upon review of sample results or from any additional review of Department records. Notification will be forthcoming, if such violations are noted.

composting at the end of every day. I noted rendering odors near the truck. I also noted manure odors coming from two large piles of manure in the field to the right of the facility. Mr. Stoltzfus stated the barns were just cleaned and all the manure was removed and placed in the field. I observed salted and unsalted cow hides behind the facility; I did not note odors coming from them. Mr. Stoltzfus stated that they plan to begin composting the rendering animal remains again but in a field farther back on the property ~~also~~ within the next month. He stated it will be done properly this time and he is meeting with personnel from Plumstead Twp on 4/17/24 to discuss. I then walked along Durham Rd towards Stump Rd. and I noted burning hair and rendering odors at 3:25 PM and 3:41 PM. The odors appeared to linger for about 5-10 minutes. I spoke with a complainant who confirmed those were the odors they smelled throughout the day today and yesterday. Upon returning to the facility, I observed singeing was taking place again. Mr. Stoltzfus stated they singe animal body parts ~~throughout the day~~ throughout the day every day.
